RHYTHM RESITEL
Where you can own a vacation home and earn
By Gita Hari
PERFECT WOMAN

A couple of hours' drive from Mumbai and we arrived at the beautifully constructed property of Rhythm ResiTel in Lonavala, which is a diversified conglomerate in the real estate and hospitality sector. The inviting 3 ums waterbodies at the entrance raise your expectations of the décor and it doesn't disappoint. A Balinese theme punctuates the lobby with artefacts collected over time by the owners. Cedar Lounge & Restaurant to the left tempts with a casual, outdoorsy feel and delish food.

This hotel-cum-residence is the brainchild of Vaibhav Jati of the renowned Rhythm Group, which owns the 4-acre property and offers an advanced asset class allowing your real estate assets to be engaged effectively and productively both for personal indulgence as a maintenance-free vacation home while simultaneously creating income, in a hassle-free scheme. A trailblazer in the ResiTel concept in India, it allows individuals or organisations to invest in individual resort suite units while generating additional income when it is not being used by the owners.

We checked into the roomy Banyan suite where the sit-out offered splendid views of lush greenery and the cool blue pool with an island tree jutting out from it. The entire resort has been built on sustainability by incorporating the existing trees and nature in its design layout. Apart from the comfort of the Banyan Suite the other fascinating thing was The Courtyard Poolside Bistro with delicious food and attentive service. Under the wing of affable F&B Manager Santosh Kumar Gupta, innovative Executive Chef Vinod Shankar and his team, put up interesting delicacies in the buffet breakfast and a la carte menu at The Treehouse Café, their all-day dining. We got to dig into a variety of local specialties like missal pav, pav bhaji, batata vada, kanda bhaja besides our south Indian favourites and pastas, waffles and yummy cupcakes, pastries too. I totally relished varieties of khichadi, alumetha ubat, chilly paneer, kebabs from their menu.

Courteous Chief Engineer Prabhudas Badakale, who attended to our requests promptly, informs, "You can enjoy 5-star hospitality services in the comfort of your own vacation home without any problem since Rhythm Lonavala's Premium Services takes care of catering and bartending, housekeeping and maintenance services, including horticultural services, computer and IT services."

It's not just the destination but the journey too has to be seamless for an enjoyable staycation. And ground transportation expert Pushpinder Singh, Proprietor of JK Travel Agency, which has a 24/7 service and GPS in all cars with highly professional cabs and drivers ensured our 2-hour drive to and from Mumbai-Lonavala was pleasant. A vibrant kids' zone, activity area, conference rooms, banquet area make Rhythm ResiTel an apt wedding venue, a staycation or a money-spinner for suite unit owners!

An enjoyable weekend getaway!

Review of Rhythm Lonavala

Reviewed yesterday

If Lonavala is your weekend destination, then I highly recommend Rhythm ResiTel for its sustainable practices, lush green environs, pool-facing rooms - we used to have our evening cuppa at the sit-out of our suite, a library and pleasing decor. the entrance is welcoming with a rustic wait area., the resort is peppered with interesting artefacts in the pause areas. the quaint Cedar cafe sports a casual, airy feel while the Treehouse Cafe offers delicious buffet and a la carte meals while the alfresco Poolside Bistro is the star.

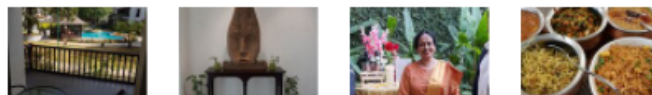

Service in every area is courteous, Chef Vinod Shankar ensures their guests are in for a gastronomic treat at every meal. Rooms are clean and sanitised. A family retreat where kids get to be busy in the kids zone while Sohum spa caters to the spalicious therapies of the clients. A resort where there is something for every member of the family irrespective of their age. We had a cherished and memorable staycation and definitely look forward to being there more often!
